## HEALTH & FREEDOM

Divide the class into three groups of five pupils. Each group will try to establish the line where the responsibility of our society overflows the personal freedom. Prepare some questions to ask to the other groups such as:

Do you think drugs should be allowed? Would you restrict the use of public resources to immigrants and people that doesn't quote to the national health system? Would you privatize

### Rights and obligations

Health care is recognised as a basic human right. The citizens of Catalonia are covered by CatSalut and have a number of rights and obligations in regard to health care issues.

the National Health System? Why?

### ARCHITECTS

## DESIGNING A PAC

Remember you must speak in English.

Decide the services you would like to have in your PAC and why.

Draw a plan of your PAC and label the different rooms.  
Remember to think about all the possible facilities (café, shop,  
toilets and children play areas)
